1154-1162 Bryant Street is a commercial building that was built in 1924. In 2005 and 2006 with the help of world renowned acoustics architect firm of Walters-Storyk Design Group, the previous owner transformed the building into a world class recording studio and a stunning 1 bedroom residential unit. The current owner has removed the studio equipment but the original studio spaces have not been changed. There are office and conference spaces as well as a roof deck. The residential unit is a legal 1 bedroom with barrel ceilings, expansive public spaces filled with natural light and high end finishes. The building has extensive HVAC systems. At the rear of the property there is a secluded landscaped garden and secure parking for 3 vehicles. The property has easy access to Highway 101, 280 and I 80 and the Bay Bridge.

The property is located at the northern edge of the Showplace Square district at the corner of Bryant and Dore Streets. The zoning
